For children in Key Stage 1 and Key Stage 2 who require support with toileting, nappy changing or other intimate care needs, parental agreement will be obtained, and an individual Intimate Care Plan will be completed and agreed between the school and parents/carers. The plan will clearly outline the child's needs and the arrangements for providing care. All intimate care procedures will be carried out in accordance with the guidance set out in this policy, ensuring the child's dignity, privacy, safety and wellbeing are maintained at all times. Intimate care will be provided by appropriately trained staff, with two adults present in line with the school's safeguarding procedures.
